Dear [Redacted Name]

STAT

Enclosed for your information and review is an article written by Senator Inouye's designee, Dr. Daniel P. Finn, regarding Soviet nuclear practices in space. This article is a more lengthy version of an earlier piece which you approved on March 21, 1983. Dr. Finn would be interested in submitting this article to a scholarly journal in the near future.

I respectfully request the Publications Review Board review the article from the standpoint of classification and advise me whether the DCI has any problems in this regard. For what it is worth, Dr. Finn has assured me that he has relied on public sources for his information, copies of which are enclosed.

I look forward to hearing from you on this matter.

Sincerely,

*RRS*

Robert R. Simmons  
 Staff Director
